# QUESTIONNAIRE FOR CANDIDATES IN THE 2008 AUSTRIAN ELECTIONS

This questionnaire is part of an international and comparative research project on campaigning, based on a co-operation of the University of Vienna, the Mannheim Centre for European Social Research (MZES) and more than 20 other universities in Europe, America and Asia. It was first conducted in Austria in the context of the 2006 national election (see enclosed brochure).

The questionnaire can be completed quickly and easily by ticking a box or providing a short written answer. It should take you about 30 minutes to answer all the questions. We would very much appreciate if you could spend this short amount of your valuable time to contribute to our research.

Please provide those answers that best reflect your own views or situation. If you do not approve of one of our questions and/or would rather not provide an answer, please turn to the next question.

All your answers and statements will be treated as confidential. The data will only be used for scientific research and analysis. All answers will only be used and published in such a way that a corresponding individual can no longer be identified (this is also illustrated in the enclosed brochure). If you have any further questions, feel free to contact me by e-mail or telephone.

**I would like to thank you for your  
contribution to our research!**

**If you are interested in any of the results, please see page 18.**
