WEIGHT – Weighting factor

Please report on whether you calculate any weighting variables. If you adjust for non-response bias, please enter the variable(s) on which the sample's distribution(s) is (are) adjusted to the population distribution(s). Please, also report if you apply any kind of rescaling.

<i>Design weight to adjust for unequal selection probabilities</i>	No	<input checked="" type="checkbox"/>
	Yes	<input type="checkbox"/>

<i>Weight to adjust for non-response bias</i>	No <input checked="" type="checkbox"/>	Yes <input type="checkbox"/> → please specify variables used for calculation of weight
<i>Are the final weights rescaled to net sample size (thus weighted sample size=unweighted sample size)?</i>	No <input type="checkbox"/>	Yes <input type="checkbox"/> → please specify target population represented by sum of all case weights
<i>Note</i>		

MODE – Administrative mode of data-collection (OR Data collection method)

<i>Note</i>	Face to face, paper and pencil data collection method was used in all interviews. On a few items respondents were shown cards (visuals) with the lists of possible answers.

4. Country Questionnaire

Please provide the part(s) of your country questionnaire that relate(s) to the background variables reported in this template. If these variables are already covered by your country's field questionnaire delivered with your national ISSP data file, then just tick on the last page of this document. (PDF or MS Word format preferred.)

Already included in field questionnaire provided with the country data file.

[] Attached file: XXXXX.XXX

5. Frequency Distributions of Source Variables

Please supply frequency distributions with absolute and relative frequencies, missing values *included*, for **all source** variables. *Source variables* are the country-specific variables **before** recodes into ISSP standard variables are done. (MS Word or simple ASCII file preferred.)

Attached file: **County-Spec Croatia BV.doc**

6. Correspondence list ISCO88<->national occupation codes

If your country derives ISCO88 codes from a national occupation coding scheme, please supply a correspondence list of national codes and ISCO88 codes. (MS Word or simple ASCII file preferred.)

ISCO88 is used to code responses directly.

[] Conversion of national coding scheme to ISCO88. Attached file: *ZZZZZZ.ZZZ*.
