Questions about your classmates

In this part of the study, we will be using a list that assigns a number to each of your participating classmates.

We ask you some question about your classmates and want you to write down in the empty space on the right the numbers of those children to whom the sentence refers.

Example:

E1
Which classmates do you sometimes spend your breaks with?

3, 8, 12

Please write down only the numbers; make sure not to write down any names. As you see, you may write down more than one number. Please make sure to always put a comma after each number.

If the sentence doesn’t refer to any child at all, write a big X in the empty space.

Example:

E2
Which classmates have you ever been to a concert or gig with?

X
Who are your best friends in class?
Here you may write down no more than five numbers.

Who are the most popular students in this class?
Here you may write down no more than five numbers.

Who do you often spend time with outside of school?
From now on you can write as many numbers as you like.

Who is sometimes mean to you?
