ASK ALL

READ OUT: The following questions relate to your experience in buying goods and services for your business within the European Union. Whether online, offline (in a physical store/selling point) or by distance sales (phones/fax) the questions concern purchases of goods and services subject to publicly available general sales conditions, i.e. not purchases subject to specific conditions agreed through negotiations between the contracting parties, excluding purchases of goods/services for resale. The results from this survey will be taken into account when analysing the barriers currently facing entrepreneurs in the Single Market. They will help to better determine the measures to implement to more effectively safeguard the free movement of goods and services across Europe.

Q1 In the past 12 months have you tried purchasing any goods or services for your company from another EU country? Please refer to all types of purchases either on-line, by phone or physical, in a point of sale. The goods and services covered include for example: Travel and accommodation (car rental, train tickets, hotels); Office equipment (computers, stationery, software, coffee machine); Uniforms, safety equipment.
