Note:

The 2nd and 3rd digits of ISCED are not hierarchical but cross-cutting. Thus, we provide two versions of ISCED 2-digit:

- vXXX_ISCED_2 is obtained by cutting the 3rd digit from the 3-digit version (vXXX_ISCED_3), producing a variable indicating the ISCED level plus the information about the vocational/general orientation of the program.
- vXXX_ISCED_2b is obtained by cutting the 2nd digit from the 3-digit version (vXXX_ISCED_3), producing a variable indicating the ISCED level plus whether there is access to the next higher level or not.
