

ZA Study 4423**Flash Eurobarometer 174****„Small and Medium-sized Enterprises Access to Finance“****Errata Documentation**

- Variables LANGUAGE, COMPANY SIZE and SIC CODE are not documented in the data set. For details on the Standard Industrial Classification (SIC) see for example: <http://www.osha.gov/pls/imis/sicsearch.html>
- NUTS: NUTS regions in variable REGION do not completely correspond to the official EUROSTAT NUTS classification. Moreover the following “wild codes” have been detected: 18 UK cases are coded ‘13’ or ‘14’ (not documented), 35 Swedish cases are coded 2 (not documented).
- Q7: Filter routing is not consistently applied for Sweden and the United Kingdom.
- Q13: Filter routing is not consistently applied for Sweden and the United Kingdom. Austria: Respondents who have intentionally not been asked (filter) are coded as “Not mentioned” or “Mentioned”.
- Q16: Filter routing is not consistently applied for Sweden and the United Kingdom. Austria: Respondents who have intentionally not been asked (filter) are coded as “Not mentioned” or “Mentioned”.

DATA PRIVACY:

Please notice that variable NUTS (REGION) has been dropped from the user data set in order to avoid possible identification of an individual enterprise.
