INTRO Good %POD%, my name is .....,I'm calling from ICM Research the independent market research company. We are conducting a research project which requires us to talk to a representative sample of people aged 15 or over throughout the country on issues that affect all people. We have selected your telephone number purely at random and would greatly appreciate your help for a few minutes to answer some simple questions.

IF RESPONDENT SOUNDS LIKE THEY WANT TO REFUSE SAY:

For the purpose of our research project it is most important that we talk to a representative cross section of all people. Therefore, your views are extremely important to us and the interview will only take a few minutes of your time.

IF RESPONDENT STILL SOUNDS LIKE THEY WANT TO REFUSE, SAY:

If you cannot spare the time at the moment I would really appreciate it if we could call you back at your own convenience over the next ... days. As I say, your own views are very important to us.
