Good morning/afternoon/evening/ I am < --- *name* --- > from **Amárach Field Research**. We are carrying out a survey of people's opinions on a variety of social issues on behalf of the International Social Survey Programme (ISSP). Your address was included in a national sample taken at random from the Geo-Directory. This is an international study of people in over 40 countries and the aim is to find out exactly what the public in various parts of the world thinks on these issues. It is only the help of many people like you in answering these questions that makes this work possible. I can assure you that all answers will be treated in the strictest confidence and will not be released to anyone in any way that would allow your views to be identified with you. In acknowledgement of the time you are giving to us, we would like to offer a token of our appreciation.
