Questionnaire
Good Morning/afternoon/evening.
My name is ___________ from Steadman Group, a company that conducts research studies. We are conducting a survey in this area, asking people like you for their views and opinions. I will be very grateful if you could answer a few questions for us. This interview will take approximately 50 minutes.

The Steadman Group
INTERVIEW RESPONDENT ACCORDING TO KISH GRID.

Firstly, I need to decide whom I should interview from this household. Can you give me the first names and ages of all the adults aged between 18 and above who are living here at the moment.

RECORD BELOW AND COMPLETE SELECTION PROCESS AS INSTRUCTED. SELECTION OF RESPONDENT FOR INTERVIEWING

1. List all the adults aged 18 and above living in the household together with their ages whether or not they are in at present. Start with the oldest and work down to the youngest.
2. Take the last figure of the questionnaire number and find the same number in the top line of the Kish Grid below.
3. Look along the row of the last person in the list. Where this meets the column of the last digit of the questionnaire number, is the number of the person on the list to be interviewed.
4. Refer back to the list of family members and ask to speak to the person whose number is the same as the one you have taken out of the Kish Grid.
5. If that person is not at home, YOU MUST arrange to call a second time and a third time to interview that individual. If he/she is not there on the third occasion, you should select another adult in the household by taking the number in the Kish Grid DIRECTLY ABOVE the number you took originally on even number dates or DIRECTLY BELOW on odd number dates.
