Q16 Plastic waste remains a key challenge in terms of recycling and littering. Do you agree or disagree with each of the following statements regarding the specific issue of plastic waste?

## (READ OUT – ONE ANSWER ONLY)

		Totally	Tend to	Tend to	Totally	DK/NA
		agree	agree	disagree	disagree	
1	Better information should be provided about which plastics are recyclable or not	1	2	3	4	5
2	The production of non- recyclable (or difficult to recycle) plastics should be stopped and recyclable materials should be used as an alternative	1	2	3	4	5
3	Measures should be taken to reduce the use of single-use plastic items (shopping bags, straws, tableware,)	1	2	3	4	5
4	The use of micro plastic particles in consumer cosmetics and similar products should be forbidden	1	2	3	4	5
5	Disposing of plastic waste in landfill sites should be prohibited	1	2	3	4	5
6	More initiatives are needed by the public authorities to limit the presence of plastic waste in the environment and increase plastic waste recycling	1	2	3	4	5
7	More initiatives are needed by industry (producers, recyclers and all intermediaries) to limit the presence of plastic waste in the environment and increase plastic waste recycling	1	2	3	4	5

	the environment and increase plastic waste recycling
