# ISSP Background Variable Documentation

by

Markus Quandt, Evi Scholz and Insa Bechert GESIS

on behalf of the

ISSP Demographics Method Group

(Germany, Mexico, Norway, the Philippines, South Africa, Spain, Sweden, Switzerland, Taiwan, and the Archive)

Users of the international ISSP data file should have all relevant information to understand the construction of the ISSP background variables. Thus, the ISSP has decided to provide a documentation of its background variables and to regularly update this documentation (decisions of the ISSP General Meetings in 2005 and 2006). The information collected with this document will be published with the ISSP data files. Furthermore, it will help to discuss and decide on streamlining the ISSP background variables.

The Demographics Method Group asks you to provide information on all your ISSP background variables. The document at hand serves to collect and structure this information from ISSP members in a template.

Please note that, due to changes in the ISSP Background Variables, there are different versions of documentation templates to use, related to the respective ISSP study under consideration. The template at hand serves to document your national **ISSP** survey.

The document consists of three sections: Section 1 of this documentation refers to basic elements: source description, information on filters and routing, and construction information. In section 2, as an example, we present the relevant information for the variable UNION (Trade union membership) from Germany. Section 3 finally offers the documentation template for all ISSP background variables valid from the ISSP module 2013 onwards.

If you have any questions on the documentation, please do not hesitate to contact us:

isspservice@gesis.org

## 1. Basic Elements

For each of the variables listed in section 3 below, please give the following information as applicable.

### ❖ Source description

- Please give the **question no./position/name(s)** used in your field questionnaire and report additional information sources, for example, if interviewer observation was used instead of asking questions to respondents. If your ISSP is run with a larger survey and the background variable is taken from this survey, then refer to that (those) source question(s). Please make a **note** from which survey the question(s)/variable(s) come(s) (see below).
- Please give the text of the **original question(s)** exactly as used in your field questionnaire and **in your national language**.
  - Please include all **response categories** of the original field questionnaire.

- Please give **interviewer instructions** if necessary to understand the generation of response codes.
- Please **translate original questions, response categories and interviewer instructions** into English.
- Please provide **notes** if needed. Notes can address both possible translation issues (**translation note**) and country specific particularities of question background, of variable generation or of the meaning of individual response categories (**note**).
- ❖ **Filter Variables and Conditions:** If any variables cover only part of the sample, please list the conditions (questions/variables and categories/codes) used to define the *excluded cases*. In other words, report the conditions which lead to a ‘not applicable’ code in the variable following the filter.
- ❖ **Construction/Recoding**
  - Please report how the codes of the ISSP target variable were derived from your source data.
  - Please use a table of correspondence with source and target codes (see the example in section 2 and tables in section 3).
  - If construction of ISSP target codes involves more than simple 1-1 relationships between source and target codes, please use roughly Boolean syntax as shown in the example 2 below. Command syntax of common statistics programs is also welcome. Just put the syntax used into the “Optional: Recoding Syntax” box if you consider that it will increase comprehensibility and transparency.
  - Please always (also for country specific variables) report how the ISSP missing values (not applicable-NAP, no answer-NA, don’t know-DK) were filled.
- ❖ **Complementary information (see last page)**
  - Please provide the part(s) of your country questionnaire that relate(s) to the background variables reported in this template. If these variables are already covered by your country’s field questionnaire delivered with your national ISSP data file, then just tick the box on the last page of this document. (PDF or MS Word format preferred.)
  - Please also supply frequency tables with absolute and relative frequencies, missing values *included*, for **all source** variables. *Source variables* are the country-specific variables **before** recodes into ISSP standard variables are done. (MS Word or simple ASCII file preferred.)
  - If your country derives ISCO88 codes from a national occupation coding scheme, please supply a correspondence list of national codes and ISCO88 codes. (MS Word or simple ASCII file preferred.)

## 2. Example

The German example for the variable UNION is constructed from two variables referring to two questions in the German field questionnaire.

### UNION – Trade union membership

	National Language	English Translation
<i>Question no. and text</i>	#1 Darf ich Sie fragen, ob Sie derzeit Mitglied in einer Gewerkschaft sind?	#1 May I ask you whether you are currently a member of a trade union?
<i>Codes/ Categories</i>	1. Ja, bin Mitglied	1. Yes, I am member
	2. Nein, bin kein Mitglied	2. No, I am not member
	9. Keine Angabe*	9. No answer*
	0. Nein, Befragter will Frage nicht beantworten*	0. Respondent refuses to answer*
<i>Question no. and text</i>	#2 Waren Sie früher einmal Mitglied in einer Gewerkschaft?	#2 Were you once a member of a trade union?
<i>Codes/ Categories</i>	1. Ja	1. Yes
	2. Nein	2. No
	8. Weiß nicht	8. Don't know
	9. Keine Angabe*	9. No answer*
<i>Note</i>	Falls Befragter aktuell kein Gewerkschaftsmitglied ist; „nein“ in #1	If respondent not currently union member; no in #1
<i>Interviewer Instructions</i>	—	
<i>Translation Note</i>	—	
<i>Note</i>	Current and former union membership taken from ALLBUS 2010 Answer categories marked by an asterisk are not read aloud.	

### Filter Variable(s) and Conditions:

Former membership (#2) not asked if respondent currently member (#1=1)

### Construction/Recoding:

Country Variable Codes/ Construction Rules	➔UNION
If (#1=1)	1. Yes, currently
If (#2=1)	2. Yes, previously but not currently
If (#1=2 and #2=2)	3. No, never

If (#1=0)	7. Refused
Else	9. No answer

### 3. Variable List

In the following you will find forms to ease documentation of the points described in section 1 above.

#### Some Hints to Fill in the Forms

- Please fill in the forms on the screen and return the file to <isspservice@gesis.org> – please do *not* return a printout using paper and pencil!
- In general, please feel free to be flexible in using the forms. If necessary adopt them to your reporting needs. In particular:
  - Please insert as many additional fields as needed, e.g. add lines if your country variable has more categories than the template provides.
  - Please skip fields not needed, e.g. skip ‘note’ lines if no note is required.
  - If individual response categories require separate notes, insert as many additional lines as necessary *below* the respective category.
  - If your field questionnaire has more than one language version, please replicate the complete ‘National Language - English Translation/Note’ block as often as needed.
- The question numbers should refer to the numbers of your original field questionnaire.
- For variables with continuous data (AGE, WRKHRS...), please list the lowest and the highest valid codes empirically found in your country’s data and the various non-response codes, e.g. NAP (not applicable), DK (don’t know); if additional non-response codes occur in your data, such as ‘refused’, please add.
- If source variables are relevant for *several* ISSP target variables, please copy the information for the source variables each time to offer a complete documentation of the individual ISSP target variable.

Please name the **ISSP module** which the documentation refers to (e.g., “*Environment III / ISSP2010*”):

**National Identity 2013**

Please name your **country**:

**ISRAEL**

**SEX - Sex of respondent**

	National Language	English Translation
<i>Question no. and text</i>	<b>30. <u>האם אתה:</u> (Sex)</b>	<b>Sex</b>
<i>Codes/ Categories</i>	1. גבר	1. Male
	2. אישה	2. Female
<i>Interviewer Instruction</i>		
<i>Translation Note</i>		
<i>Note</i>		

**Construction/Recoding:**

Country Variable Codes (in translation)	→ SEX
	1. Male
	2. Female
	9. No answer

**BIRTH – Year of birth**

This question can be asked as an alternative to asking about AGE. If BIRTH is not asked directly, it must be computed by DATEYR ‘year of interview’ minus AGE ‘age of respondent’.

	National Language	English Translation
<i>Question no. and text</i>	<b>שנה באיזו (Birth) 31-34 נולדת?</b>	When were you born?
<i>Codes/ Categories</i>		
	שאלה פתוחה	Open-end question
<i>Interviewer Instruction</i>	לראיין מגיל 18 ומעלה (משנת 1993 או פחות) (רשום ב- 4 ספרות)	Interview age 18 and above (year 1993 or less) (use four digits for the year)
<i>Translation Note</i>		
<i>Note</i>		

**Construction/Recoding:** (list lowest, highest, and ‘missing’ codes only, replace terms in [square brackets] with real numbers)

	Country Variable Codes/Construction Rules	→BIRTH
<i>Construction</i>		
<i>Codes</i>		[1996]
		[HIGH BIRTH-non]
		9999. No answer

**Optional: Recoding Syntax**

--

**AGE - Age of respondent**

This question can be asked as an alternative to asking about BIRTH. If AGE is not asked directly, it must be computed by DATEYR 'year of interview' minus BIRTH 'year of birth'.

	National Language	English Translation
<i>Question no. and text</i>		
<i>Codes/ Categories</i>		
<i>Interviewer Instruction</i>		
<i>Translation Note</i>		
<i>Note</i>		

**Construction/Recoding:** (list lowest, highest, and 'missing' codes only, replace terms in [square brackets] with real numbers)

	Country Variable Codes/Construction Rules	→AGE
<i>Construction</i>		
<i>Codes</i>		[MIN AGE]
		[HIGH AGE]
		999. No answer

**Optional: Recoding Syntax**

Compute age=2014-birth.

**EDUCYRS - Education I: years of schooling**

	National Language	English Translation
<i>Question no. and text</i>	<b>כמה שנות לימוד מלאות סיימת? (Educyrs) 35-36.</b>	How many years (full-time equivalent) have you been in formal education?
<i>Codes/ Categories</i>	שאלה פתוחה	Open-end question
<i>Interviewer Instruction</i>	רשום בשנים	Write in years
<i>Translation Note</i>		
<i>Note</i>		

**Filter Variable(s) and Conditions:**

--

Country Variable Codes/Construction Rules	→ EDUCYRS
0. אין השכלה פורמלית	0. No formal schooling
	1. One year
	...
95. עדיין בבית ספר	95. Still at school
96. עדיין באוניברסיטה	96. Still at college/university/in training
98. לא ידע	98. Don't know
99. אין תשובה	99. No answer

**Optional: Recoding Syntax**

--

**IL\_DEGR - Country-specific highest completed degree of education**

	<b>National Language</b>	<b>English Translation</b>
<i>Question no. and text</i>	<b>37-38. מהי ההשכלה הגבוהה ביותר שלך?</b>	What is the highest level of education that you have attained?
<i>Codes/ Categories</i>	1. אין השכלה פורמלית	1.No formal schooling
	2. יסודית	2. Lowest formal qualification
	3. תיכונית מקצועית חלקית (לא סיים תיכון מקצועי)	3.Incompl vocational
	4. תיכונית מקצועית מלאה, אך ללא תעודת בגרות	4.Vocational completed without matriculation"
	5. תיכונית מקצועית מלאה עם תעודת בגרות	5.Vocational completed with matriculation"
	6. תיכונית עיונית חלקית (לא סיים תיכון עיוני)	6.Incomplete academic secondary
	7. תיכונית עיונית מלאה אך ללא תעודת בגרות	7.Full general without matriculation
	8. תיכונית עיונית מלאה עם תעודת בגרות	8. Academic secondary completed"
	9. ישיבה תיכונית ללא תעודת בגרות	9.Yeshiva without matriculation
	10. ישיבה תיכונית עם תעודת בגרות	10. Yeshiva with matriculation
	11. על תיכונית (סמינר, ישיבה על תיכונית, בי"ס לאחיות, בי"ס להנדסאים וכו')	11. Semi higher, post secondary
	12. אוניברסיטאית חלקית (לא סיים אוניברסיטה, אין תואר)	12.Incpl university"
	13. אוניברסיטאית מלאה עם תואר אקדמאי (BA או גבוה יותר)	13.University compl, BA or more
	97. לא להקריא: מסרב להשיב	97. Refused
	98. לא להקריא: לא יודע	98. DK
	99. לא להקריא: אין תשובה	99. NA
<i>Interviewer Instruction</i>		
<i>Translation Note</i>		
<i>Note</i>		

**Filter Variable(s) and Conditions:**

--

**Construction/Recoding:**

Country Variable Codes/Construction Rules	→DEGREE
The Israeli il_degree was recoded into the international DEGREE variable (see below)	0. No formal qualification
	1. Lowest formal qualification attainable
	2. Qualifications which are above the lowest qualification, but below the usual entry requirement for universities (intermediary secondary completed)
	3. (Usual) Entry requirement for universities (higher secondary completed: the German Abitur, the French Bac, English A-level, etc.)
	4. Qualifications which are above the higher secondary level, but below a full university degree
	5. University degree completed
	9. No answer

**Optional: Recoding Syntax**

recode il\_degr(1=0)(2=1)(3 4 6 7 9 =2)(5 8 10=3)(11 12=4)(13=5)(97 98 99=9)into degree.

**DEGREE – R: Education II: categories**

	2. Currently not in paid work, paid work in the past
	3. Never had a paid work
	9. No answer

**Optional: Recoding Syntax**

--

**WRKHRS – Hours worked weekly**

	National Language	English Translation
<i>Question no. and text</i>	<b>41-42. כמה שעות (Wrkhrs) בממוצע אתה עובד (בד"כ) בשבוע, כולל שעות נוספות</b> (רשום מספר שעות שבועיות שעובד תמורת כסף).	How many hours, on average, do you usually work for pay in a normal week, including overtime?
<i>Codes/ Categories</i>		
<i>Interviewer Instruction</i>		
<i>Translation Note</i>		
<i>Note</i>		

**Filter Variable(s) and Conditions:**

Ask if 'work'=1

Country Variable Codes/Construction Rules	→WRKHRS
1 שעה אחת	1. One hour
	...
96. 96 שעות שבועיות או יותר	96. 96 hours and more
98. לא יודע	98. Don't know
99. אין תשובה	99. No answer
	00. NAP (Code 2 or 3 in WORK)

**Optional: Recoding Syntax**

--

## EMPREL – Employment relationship

	National Language	English Translation
<i>Question no. and text</i>	<b>43. האם אתה שכיר, עצמאי או עובד בעסק השייך למשפחה?</b>	Are/were you an employee, self-employed, or working for your own family's business?
<i>Codes/ Categories</i>	1. שכיר	1. An employee
	2. עצמאי שאינו מעסיק עובדים	2. Self-employed without employees
	3. עצמאי שמעסיק עובדים	3. Self-employed with employees
	4. עובד בעסק השייך למשפחה	4. Working for your own family's business
	7. מסרב להשיב	7. refused
	9. אין תשובה	9. no answer
<i>Interviewer Instruction</i>		
<i>Translation Note</i>		
<i>Note</i>		

**Filter Variable(s) and Conditions:**

Ask if 'work'=1 or 2

Country Variable Codes/Construction Rules	→EMPREL
	1. Employee
	2. Self-employed without employees
	3. Self-employed with employees
	4. Working for own family's business
	9. No answer
	0. NAP (Code 3 in WORK)

**Optional: Recoding Syntax**

--

**NEMPLOY - Self employed: how many employees**

	National Language	English Translation
<i>Question no. and text</i>	<b>מה מספר העובדים שאתה מעסיק, לא כולל אותך? (Nemploy).44-47</b>	How many employees do/did you have, not counting yourself?
<i>Codes/ Categories</i>	שאלה פתוחה	Open-end question
<i>Interviewer Instruction</i>		
<i>Translation Note</i>		
<i>Note</i>		

**Filter Variable(s) and Conditions:**

Ask if 'work'=1 or 2 and 'emprel'=3

Country Variable Codes/Construction Rules	→NEMPLOY
	1. 1 employee
	...
9995. 9995 עובדים או יותר	9995. 9995 employees or more
9999. אין תשובה	9999. No answer
	0000. NAP (Code 1, 2, 4, 0 in EMPREL)

**Optional: Recoding Syntax**

--

**WRKSUP - Supervise other employees**

	National Language	English Translation
<i>Question no. and text</i>	<b>48. <u>האם אתה ממונה או אחראי על עבודתם של אנשים אחרים?</u></b>	Do/did you supervise other employees?
<i>Codes/ Categories</i>	1. כן	1. yes
	2. לא	2. no
	7. מסרב להשיב	7. refused
	8. לא יודע	8. DK
	9. אין תשובה	9. No answer
<i>Interviewer Instruction</i>

	1. Public employer
	2. Private employer
	8. Don't know
	9. No answer
	0. NAP (Code 3 in WORK)

**Optional: Recoding Syntax**

--

### ISCO88 - Occupation ISCO 1988

Please give the text of the source question(s) on the respondent's occupation used in your field questionnaire. If ISCO88-codes are not coded directly from the responses, but derived from a country-specific occupation coding scheme, please provide a table of correspondence between country-specific and ISCO88 codes *attached as a separate file*. Please report which kind of ISCO code you apply. The most common ones are the code developed by the International Labour Organisation (ILO) and the variant developed for the European Union (EU), ISCO-COM. If you apply another variant such as ISCO88-CIS developed by the Statistical Committee of the Commonwealth of Independent States, then please specify.

Please do **not** enter **standard** ISCO88 codes here. But please report if your country **adds** or **changes** codes compared to ISCO88, if any.

Occupations should be coded on the 4-digit level of ISCO88. Occupational area 0 (Armed Forces occupations) needs some special attention. Since the ISCO variable is numeric, the 4-digit code 0110 will usually appear as 110 in the data file. It is therefore suggested that the only valid 3-digit code in the data file is 110 (Armed Forces).

In some special cases information concerning the occupation may be insufficient for 4-digit coding. Instead of coding these cases as [9998] "inadequately described" use 3-digit coding. In those very special cases where 3-digit coding is applied, fill in a zero for the missing digit. Example: code 131 is coded as 1310.

	National Language	English Translation
Question no. and text	(ISCO88) .59-62 <b>תאר בצורה מפורטת את עיסוקך או את עבודתך העיקרית</b>	What is/was your occupation – i.e., what is/was the name or title of your main job?
Codes/ Categories deviating from ISCO88 / ISCO88-COM		
Interviewer Instruction	<b>(אם לא עובד, יש להתייחס לעיסוק האחרון) (למראיין: לא הגדרה כללית כמו פועל, אלא פועל בייצור תמרוקים; לא נהג – אלא נהג אוטובוס; לא רופא – אלא רופא עניים; לא פקיד – אלא פקיד כח אדםוכו) רשום: _____ *** מהו תואר המשרה או התפקיד (אם יש או היה)? (למשל מהנדס ראשי, אחראי משמרת, סגן מנהל מפעל, מנהל מחלקת כספים וכו') רשום: _____ (אם אין תואר – ציין בפירוט – אין תואר) *** היכן אתה עובד או עבדת?</b>	Please write in and describe as clearly as possible.  His/her occupation is/was: _____  b. In his/her main job, what kind of activities does/did he/she do most of the time? Please write in and describe as clearly as possible.  c. What does/did the firm/organisation he/she work/worked for mainly make or do – i.e., what kind of production/function is/was performed at his/her workplace? Please write in and

	(רשום מקום עבודה כמו, לדוגמה, בנק לאומי, בזק, קופ"ח לאומית וכו').	describe as clearly as possible. .....

### SPISCO88 – Spouse, partner: occupation ISCO 1988

Please give the text of the source question(s) on the spouse's occupation used in your field questionnaire. If ISCO88-codes are not coded directly from the responses, but derived from a country-specific occupation coding scheme, please provide a table of correspondence between country-specific and ISCO88 codes *attached as a separate file*. Please report which kind of ISCO code you apply. The most common ones are the code developed by the International Labour Organisation (ILO) and the variant developed for the European Union (EU), ISCO-COM. If you apply another variant such as ISCO88-CIS developed by the Statistical Committee of the Commonwealth of Independent States, then please specify.

Please do **not** enter **standard** ISCO88 codes here. But please report if your country **adds** or **changes** codes compared to ISCO88, if any.

Occupations should be coded on the 4-digit level of ISCO88. Occupational area 0 (Armed Forces occupations) needs some special attention. Since the ISCO variable is numeric, the 4-digit code 0110 will usually appear as 110 in the data file. It is therefore suggested that the only valid 3-digit code in the data file is 110 (Armed Forces).

In some special cases information concerning the occupation may be insufficient for 4-digit coding. Instead of coding these cases as [9998] "inadequately described" use 3-digit coding. In those very special cases where 3-digit coding is applied, fill in a zero for the missing digit. Example: code 131 is coded as 1310.

	National Language	English Translation
Question no. and text	(SPISCO88) .109-112 <u>תאר בצורה מפורטת את עיסוקו או</u> <u>את עבודתו העיקרית של בן הזוג</u> <u>(אם לא עובד, יש להתייחס לעיסוק</u> <u>העיקרי האחרון שלו)</u>	What is/was your spouse's/partner's occupation – i.e., what is/was the name or title of his/her main job?
Codes/ Categories deviating from ISCO88/ ISCO88-COM

	31. SC, arrives with interviewer, drops-off, picks up later
	32. SC, arrives with interviewer, drops off, mailed back by R
	33. SC, mailed to, completed by R and hold for pick up
	34. SC, mailed to, mailed back by R
	40. CASI, self-completion, computer-assisted

#### **4. Country Questionnaire**

Please provide the part(s) of your country questionnaire that relate(s) to the background variables reported in this template. If these variables are already covered by your country's field questionnaire delivered with your national ISSP data file, then just tick on the last page of this document. (PDF or MS Word format preferred.)

☒ Already included in field questionnaire provided with the country data file.

☐ Attached file: XXXXX.XXX

#### **5. Frequency Distributions of Source Variables**

Please supply frequency distributions with absolute and relative frequencies, missing values *included*, for **all** *source* variables. *Source variables* are the country-specific variables **before** recodes into ISSP standard variables are done. (MS Word or simple ASCII file preferred.)

Attached file: YYYYYY.YYY.

#### **6. Correspondence list ISCO88<->national occupation codes**

If your country derives ISCO88 codes from a national occupation coding scheme, please supply a correspondence list of national codes and ISCO88 codes. (MS Word or simple ASCII file preferred.)

☒ ISCO88 is used to code responses directly.

☐ Conversion of national coding scheme to ISCO88. Attached file: ZZZZZZ.ZZZ.
