- Questionnaire -

Section 1

Compiling network of known kin

- a.) I would like to start the interview by recording a network of your relatives including relatives by marriage and relatives in previous generations. All we want to know are the relatives that you know about and can name from memory. So please don't ask anyone to help you and there is no need to consult family trees. Don't worry, this is not a test, we just want to find out what people know about their family.

Enter ego and then use the auto complete facility to complete the diagram, entering names as you go [*and noting whether each person is still alive*]

- b.) Now go round the diagram and double click on each union object to complete information about the unions. [*Note: double click on the equal sign; an input-panel will appear at the left of the screen.*]

Union Details

- Check if ended

Which categories applied?

- Lived together without being married
- Official marriage
- Religious marriage
- Had child without living together

Start

- unknown

End

- unknown

Section 2

Recording initial group of important others

- a.) Sometimes other people who are not relatives play an important role in people's lives. And during this interview I would also like to ask you some questions about these important non-relatives.

Besides the people already in the diagram, add now any other individuals who are particularly important to you personally.

- b.) Add anyone else, apart from the relatives you have mentioned, living in the dwelling.

Section 3
