ISSP Characteristics of National Population - NETHERLANDS

Each ISSP member is asked to include to the documentation the following information about known characteristics of its national population, from census or the best available estimates from government surveys or other high-quality data-sources:

- sex distribution of the population
- age distribution of the population
- education (years of schooling) of the population
- employment rate of the population

	EU-SILC	ESS-R5 2012	ISSP-NL 2014	ISSP-NL 2013
