We hope very much that you will agree to participate in this important study - the twelfth in an annual series of surveys. The questions are also being asked in twenty-four other countries, as part of an international survey of social attitudes.

Completing the questionnaire

It is imperative for sampling reasons that within each home only the person selected by the interviewer answer the questionnaire. Otherwise, the sample will be skewed.

The questions inside cover a wide range of subjects, but each one can be answered simply by placing a tick or check () in one or more of the boxes provided. No special knowledge is required: we are confident that everyone will be able to offer an opinion on all questions. And we want all people to take part, not just those with strong views or particular viewpoints. The questionnaire should not take very long to complete (approximately 20 minutes), and we hope you will find it interesting and enjoyable. It should be completed by the person selected by the interviewer at your address. Your participation will be treated as confidential and anonymous.

Returning the questionnaire

Your interviewer will arrange with you the most convenient way of returning the questionnaire. If the interviewer has arranged to call back for it, please complete it and keep it safely until then.
