166 Over the last 12 months, would you say, in your opinion, that the understanding between the countries of the European Community (the Common Market) has generally speaking, progressed, lost ground, or has stayed the same?

Some people consider the Common Market as being a first step towards a closer union between the member states.

167 Personally, do you yourself think the movement towards the unification of Europe should be speeded up, slowed down, or continued as it is at present?

And, in your opinion, what is the present attitude of our government towards the unification of Europe?

71 Taking everything into consideration, would you say that Northern Ireland has benefited more than, or benefited less than, other countries of the Common Market by its membership of the European Community since 1973?

72 Three countries from Southern Europe among them Spain, have recently asked to join the European Community (Common Market). In your opinion, would the entry of Spain in the European Community be a good thing, a bad thing, or neither a good nor a bad thing for Northern Ireland?
