ISCO88 - R: Occupation ISCO 1988

Please give the text of the source question(s) on the respondent's occupation used in your field questionnaire. If ISCO88-codes are not coded directly from the responses, but derived from a country-specific occupation coding scheme, please provide a table of correspondence between country-specific and ISCO88 codes *attached as a separate file.* Please report which kind of ISCO code you apply. The most common ones are the code developed by the International Labour Organisation (ILO) and the variant developed for the European Union (EU), ISCO-COM. If you apply another variant such as ISCO88-CIS developed by the Statistical Committee of the Commonwealth of Independent States, then please specify. Please do **not** enter **standard** ISCO88 codes here. But please report if your country **adds** or **changes** codes compared to ISCO88, if any.

	National Language	**English Translation**

Interviewer Instruction	By industry, we mean the type of business or service performed where you work or worked (e.g.	By industry, we mean the type of business or service performed where you work or worked (e.g.

	Commonwealth government, hairdressing, construction, hospitality)	Commonwealth government, hairdressing, construction, hospitality)
Codes/ Categories deviating from ISCO88 / ISCO88-COM		
Translation Note		
Note	The above three questions were used to code the variable M7_ANZSCO_4 according to the Australian Bureau of Statistic's Australian and New Zealand Standard Classification of Occupations (ANZSCO) First Edition, 2006 (to the 4 digit level). A concordance was created between ANZSCO and ISCO88. If an ANZSCO code could not be mapped directly to ISCO88, the original response was recoded using the ISCO88 coding frame.	
Use of ISCO	ISCO88 (ILO) ☑ ISCO88-COM (EU variant) ☐ Other ISCO88 variant ☐→please specify

SPISCO88 - S-P: Occupation ISCO

Please give the text of the source question(s) on the spouse's occupation used in your field questionnaire. If ISCO88-codes are not coded directly from the responses, but derived from a country-specific occupation coding scheme, please provide a table of correspondence between country-specific and ISCO88 codes *attached as a separate file.* Please report which kind of ISCO code you apply. The most common ones are the code developed by the International Labour Organisation (ILO) and the variant developed for the European Union (EU), ISCO-COM. If you apply another variant such as ISCO88-CIS developed by the Statistical Committee of the Commonwealth of Independent States, then please specify.

Please do **not** enter **standard** ISCO88 codes here. But please report if your country **adds** or **changes** codes compared to ISCO88, if any.

	National Language	**English Translation**

Question no. and text	N4 And what industry do they (or did they) work in? Industry:	N4 And what industry do they (or did they) work in? Industry:
Interviewer Instruction	By industry, we mean the type of business or service performed where they work or worked (e.g. Commonwealth government, hairdressing, construction, hospitality)	By industry, we mean the type of business or service performed where they work or worked (e.g. Commonwealth government, hairdressing, construction, hospitality)
Codes/ Categories deviating from ISCO88 /		

ISCO88-COM		
Translation Note		
Note	The above three questions were used to code the variable N2_ANZSCO_4 according to the Australian Bureau of Statistic's Australian and New Zealand Standard Classification of Occupations (ANZSCO) First Edition, 2006 (to the 4 digit level). A concordance was created between ANZSCO and ISCO88. If an ANZSCO code could not be mapped directly to ISCO88, the original response was recoded using the ISCO88 coding frame.	
Use of ISCO	ISCO88 (ILO)	☑
	ISCO88-COM (EU variant)	☐
	Other ISCO88 variant	☐→please specify

WEIGHT – Weighting factor

Please report on whether you calculate any weighting variables. If you adjust for non-response bias, please enter the variable(s) on which the sample's distribution(s) is (are) adjusted to the population distribution(s). Please, also report if you apply any kind of rescaling.

Design weight to adjust for unequal selection probabilities	No	[ ]
	Yes	[ ]
Weight to adjust for non-response bias	No	[ ]
	Yes	[ ] → please specify variables used for calculation of weight
Are the final weights rescaled to net sample size (thus weighted sample size=unweighted sample size)?	No	[ ] → please specify target population represented by sum of all case weights
	Yes	[ ]

4. Country Questionnaire

Please provide the part(s) of your country questionnaire that relate(s) to the background variables reported in this template. If these variables are already covered by your country's field questionnaire delivered with your national ISSP data file, then just tick on the last page of this document. (PDF or MS Word format preferred.)

[✓] Already included in field questionnaire provided with the country data file.
[ ] Attached file: XXXXX.XXX

5. Frequency Distributions of Source Variables

Please supply frequency distributions with absolute and relative frequencies, missing values *included*, for **all** *source* variables. *Source variables* are the country-specific variables **before** recodes into ISSP standard variables are done. (MS Word or simple ASCII file preferred.)
Attached file: « issp06frequencies.doc »

6. Correspondence list ISCO88<->national occupation codes

If your country derives ISCO88 codes from a national occupation coding scheme, please supply a correspondence list of national codes and ISCO88 codes. (MS Word or simple ASCII file preferred.)

[ ] ISCO88 is used to code responses directly.
[✓] Conversion of national coding scheme to ISCO88. Attached file: « ANZSCO-ISCO88 Concordance.doc »
