PARTY_LR - Party voted for in last general election: left-right scale

	National Language	**English Translation**
Question no. and text	Constructed based on **ES_PARTY**	
Codes/ Categories		
Interviewer Instructions	Data to construct PARTY_LR come from the mean location of parties in the left-right scale in surveys CIS Study 3104 (July 2015) and CIS study 3097 (June 2015), as well as from the 2014 Chapel Hill Expert Survey (see appendix). See Liesbet Hooghe, Ryan Bakker, Anna Brigevich, Catherine de Vries, Erica Edwards, Gary Marks, Jan Rovny, Marco Steenbergen, Milada Vachudova (2010), "Reliability and Validity of Measuring Party Positions: The Chapel Hill Expert Surveys of 2002 and 2006," *European Journal of Political Research*,42 (4): 684-703. Parties with codes 5 to 13 are regionalist/nationalist parties and, thus, their main axis of identification/electoral competition is not the left-right one, but centre-periphery.

ANEX

The data collected in Spain for the ISSP module (accessible at www.cis.es) contains a question that asks the respondent to state who the main wage earner in the household is. Interviewers are requested to refer the questions related to work to the main wage earner when the respondent has never done any paid work (3 in WORK/question 36).

In addition to that, in order to avoid asking the same questions twice, the instruction given to interviewers is to skip those questions in case the respondent has never worked and the main earner is the partner/spouse (since they are going to be answered in the questions regarding the spouse/partner work: SPWRKHRS, SPEMPREL, etc.).

This is the instruction given to interviewers after P36 (WORK):

ENTREVISTADOR/A:	INTERVIEWER:
- Si 1 en P.36 referir P.37-P.41 AL TRABAJO ACTUAL	- If 1 in P.36 refer P.37-P.41 to respondent´s current job
- Si 2 en P.36 referir P.37-P.41 AL ÚLTIMO TRABAJO	- If 2 in P.36 refer P.37-P.41 to the respondent´s most recent job
- Si 3 en P.36 (la persona entrevistada NUNCA ha trabajado):	- If 3 in P.36 (the respondent has never had a paid job):
- _Y_ la persona entrevistada es la que más ingresos aporta al hogar (1 en P.35) PASAR A P.42	- _And_ the person with highest earnings in household is the respondent (1 in P.35) GO TO P.42
- _Y_ la persona que aporta más (o casi iguales) ingresos al hogar es el cónyuge/pareja (1 en P.35a) PASAR A P.42	- _And_ the person with highest (or nearly equal) earnings in the household is the spouse /partner (1 in P.35) GO TO P.42
-_Y_ la persona que aporta más (o casi iguales) al hogar es el padre/madre/otra persona (2,3 o 4 en P.35a) PASAR A P.37 y referir P.37-P.41 al trabajo actual/último de esa persona	- _And_ the person with highest earnings in household is the father/mother/other person (2, 3, or 4 in P.35a) GO TO P.37 and refer P.37-P.42 to the current/most recent job of this person.
