## ISSP Background Variable Documentation

Social Networks III / ISSP2017

Please name your **country**:

SPAIN

### SEX - Sex of respondent

	National Language	English Translation
<i>Question no. and text</i>	P.66 Sexo:	Q.66 Sex:
<i>Codes/ Categories</i>	1 Hombre	1 Male
	2 Mujer	2 Female
<i>Interviewer Instruction</i>		
<i>Translation Note</i>		
<i>Note</i>	<i>Interviewers register respondents' gender without explicitly asking the question.</i>	

### Construction/Recoding:

Country Variable Codes (in translation)	→ SEX
If (Q66=1)	1. Male
If (Q66=2)	2. Female
<i>(Not used)</i>	9. No answer

### Optional: Recoding Syntax

COMPUTE SEX=P66.

**BIRTH – Year of birth**

	<b>National Language</b>	<b>English Translation</b>
<i>Question no. and text</i>	P.67 ¿En qué año nació usted?	Q. 67 What year were you born?
<i>Codes/ Categories</i>	_____	_____
	9999 No contesta	9999 No answer
<i>Interviewer Instruction</i>	<b>ENTREVISTADOR/A: Anote los 2 dígitos del año de nacimiento que faltan</b>	<b>INTERVIEWER: Write down the last two digits of the year of birth*</b>
<i>Translation Note</i>		
<i>Note</i>	*The two digits had to be written down above the blanks, in the following format: "19__"	

**Construction/Recoding:** (list lowest, highest, and 'missing' codes only, replace terms in [square brackets] with real numbers)

	<b>Country Variable Codes/Construction Rules</b>	<b>→BIRTH</b>
<i>Construction</i>		
<i>Codes</i>	If (Q67=1921)	1921 (MIN BIRTH)
	...	...
	If (Q67=1998)	1998 (HIGH BIRTH)
	If (Q67=9999)	9999. No answer

**Optional: Recoding Syntax**

**COMPUTE BIRTH=P67.**

**AGE - Age of respondent**

	<b>National Language</b>	<b>English Translation</b>
<i>Question no. and text</i>		
<i>Codes/ Categories</i>		
<i>Interviewer Instruction</i>		
<i>Translation Note</i>		
<i>Note</i>	<b>Not used in Spanish questionnaire</b>	

**Construction/Recoding:** (list lowest, highest, and 'missing' codes only, replace terms in [square brackets] with real numbers)

	<b>Country Variable Codes/Construction Rules</b>	<b>→AGE</b>
<i>Construction</i>		
<i>Codes</i>		18 [MIN AGE]
		...
		96 [HIGH AGE]
		999. No answer

**Optional: Recoding Syntax**

**COMPUTE AGE=2017 – P67.  
RECODE AGE (LO THRU 17=999).**

## EDUCYRS - Education I: years of schooling

	National Language	English Translation
<i>Question no. and text</i>	P.68 ¿Cuáles son los estudios de más alto nivel que Ud. ha finalizado (obteniendo la titulación oficial correspondiente)?	Q.68 What are the <u>highest level</u> official studies you have done (obtaining the corresponding official qualification)?
<i>Codes/ Categories</i>	<i>See studies level showcard in ES_DEGREE</i>	

	National Language	English Translation
<i>Question no. and text</i>	P.68a ¿Cuántos años estuvo Ud. escolarizado/a o cursando estudios oficiales a los que dedicara la jornada completa? Empiece a contar desde el primer año de escolarización obligatoria: 1º de Primaria, 1º de EGB, etc.	Q.68a How many years were you in school or taking official courses with a full-time commitment? Start counting from the first year of compulsory schooling: 1st of Primary, 1st of EGB, etc.
<i>Codes/ Categories</i>	_____ Nº años	_____ Number of years
	98.No recuerda	98. Does not remember
	99.No contesta	99. No answer
<i>Note</i>		

## Filter Variable(s) and Conditions:

Q.68a is not asked if Q.68= 1
-------------------------------

Country Variable Codes/Construction Rules	→ EDUCYRS
If (Q68=1)	0. No formal schooling
If (Q68a=1)	1. One year
...	...
If (Q68a=40)	40. 40 years.
If (Q68a=98)	98. Don't know
If (Q68a=99)	99. No answer

**Optional: Recoding Syntax**

COMPUTE EDUCYRS=P68a.

**PARTY\_LR** - Party voted for in last general election: left-right scale

	National Language	English Translation
Question no. and text	Constructed based on ES_PARTY	
Codes/ Categories		
Interviewer Instructions	Data to construct PARTY_LR come from the mean location of parties in the left-right scale in surveys CIS Study 3156 (October 2016) and CIS study 3164 (January 2017), as well as from the 2014 Chapel Hill Expert Survey (see appendix). See Liesbet Hooghe, Ryan Bakker, Anna Brigevid, Catherine de Vries, Erica Edwards, Gary Marks, Jan Rovny, Marco Steenbergen, Milada Vachudova (2010), "Reliability and Validity of Measuring Party Positions: The Chapel Hill Expert Surveys of 2002 and 2006," <i>European Journal of Political Research</i> , 42 (4): 684-703. Parties with codes 5 to 12 are non-state wide parties, i.e. regionalist/nationalist parties (or coalitions that include this type of party) whose main axis of identification/electoral competition is not only the left-right one, but also centre- periphery (codes 07, 08, 10, 11 and 12), or just regionally based parties that so far have participated in general elections forming alliances with the new party Podemos (codes 05, 06 and 09). Unidos Podemos (code 03) is the electoral alliance formed by Podemos and the United Left for the 2016 general elections (to which the question refers to).

## II.

The data collected in Spain for the ISSP module (accessible at [www.cis.es](http://www.cis.es), study nº 3.194) contains a question that asks the respondent to state who the main wage earner in the household is. Interviewers are requested to refer the questions related to work to the main wage earner when the respondent has never done any paid work (3 in WORK/question 72).

In addition to that, in order to avoid asking the same questions twice, the instruction given to interviewers is to skip those questions in case the respondent has never worked and the main earner is the partner/spouse (since they are going to be answered in the questions regarding the spouse/partner work: SPWRKHRS, SPEMPREL, etc.).

This is the instruction given to interviewers after Q72 (WORK):

<p><b>ENTREVISTADOR/A:</b></p> <ul style="list-style-type: none"> <li>- Si 1 en P.72 referir P.73-P.77 AL TRABAJO ACTUAL</li> <li>- Si 2 en P.72 referir P.73-P.77 AL ÚLTIMO TRABAJO</li> <li>- Si 3 en P.72 (la persona entrevistada NUNCA ha trabajado) <u>Y</u> es la que aporta más ingresos al hogar (1 en P.71) PASAR A P.78</li> <li>- Si 3 en P.72 (la persona entrevistada NUNCA ha trabajado) <u>Y</u> NO es la que aporta más ingresos al hogar (2, 3, 8, 9 en P.71...:             <ul style="list-style-type: none"> <li>- <u>Y</u> la persona que aporta más (o casi iguales) ingresos al hogar es el cónyuge/pareja (1 en P.71a) PASAR A P.78</li> <li>- <u>Y</u> la persona que aporta más (o casi iguales) ingresos al hogar es el padre/madre/otra persona (2, 3 o 4 en P.71a) PASAR A P.73 y referir P.73-P.77 al trabajo actual/último de esa persona</li> <li>- <u>Y</u> no hay información sobre quién es la otra persona que aporta más (o casi iguales) ingresos al hogar (8 o 9 en P.71a) PASAR A P.78</li> </ul> </li> </ul>	<p><b>INTERVIEWER:</b></p> <ul style="list-style-type: none"> <li>- If Q.72=1 refer Q.73-Q.77 to respondent's CURRENT JOB</li> <li>- If Q.72=2 refer Q.73-Q.77 to the respondent's MOST RECENT JOB</li> <li>- If Q.72=3 (the respondent has NEVER had a paid job <u>and</u> she/he is the person with highest earnings in household (1 in Q.71) GO TO P.78</li> <li>- If Q.72=3 (the respondent has NEVER had a paid job <u>and</u> she/he is NOT the person with highest earnings in household (2,3,8 and 9 in Q.71...:             <ul style="list-style-type: none"> <li>- ...<u>and</u> the person with highest (or nearly equal) earnings in the household is the spouse /partner (1 in Q.71a) GO TO Q.78</li> <li>- ...<u>and</u> the person with highest (or nearly equal) earnings in household is the father/mother/other person (2, 3, or 4 in Q.71a) GO TO Q.73 and refer Q.73-Q.77 to the current/most recent job of this person.</li> <li>- ...<u>and</u> there is no information about who is the other person with highest (or nearly equal) earnings in household (8 o 9 in Q.71a) GO TO Q.78.</li> </ul> </li> </ul>
