ISSP 2019 New Zealand

Please name the **ISSP module** which the documentation refers to (e.g., “*Health and Health Care / ISSP2011*”):

Social Inequality / ISSP2019

Please name your **country**:

New Zealand

SEX – Sex of respondent

Construction/Recoding:

	National Language
<i>Question no. and text</i>	Q30. What is your gender?
<i>Codes/ Categories</i>	
<i>Interviewer Instruction</i>	
<i>Translation Note</i>	
<i>Note</i>	Asked as free text. The variable included has imputation from our sampling frame for the cases where no response was given

Country Variable Codes (in translation)	→ SEX
If (gender='Male')	1. Male
If (gender='Female')	2. Female

BIRTH – Year of birth

This question can be asked as an alternative to asking about AGE. If BIRTH is not asked directly, it must be computed by DATEYR ‘year of interview’ minus AGE ‘age of respondent’.

	National Language
<i>Question no. and text</i>	Q29: Please indicate the year in which you were born:
<i>Codes/ Categories</i>	
<i>Interviewer Instruction</i>	
<i>Translation Note</i>	
<i>Note</i>	Asked as free text.

Construction/Recoding: (list lowest, highest, and ‘missing’ codes only, replace terms in [square brackets] with real numbers)

Country Variable Codes/Construction Rules	→BIRTH
If (yearborn=1922)	1922
If (yearborn=2001)	2001
Else	-9. No answer

AGE – Age of respondent

This question can be asked as an alternative to asking about BIRTH. If AGE is not asked directly, it must be computed by DATEYR ‘year of interview’ minus BIRTH ‘year of birth’.

	National Language
<i>Question no. and text</i>	<i>Recoded from BIRTH</i>
<i>Codes/ Categories</i>	
<i>Interviewer Instruction</i>	
<i>Translation Note</i>	
<i>Note</i>	<i>Ages were calculated for 2020.</i>

Construction/Recoding: (list lowest, highest, and ‘missing’ codes only, replace terms in [square brackets] with real numbers)

Country Variable Codes/Construction Rules	→AGE
If (yearborn=2001)	19
If (yearborn=1922)	98
Else	-9. No answer

EDUCYRS – Education I: years of schooling

	National Language
<i>Question no. and text</i>	Q39: For how many years have you been in formal education in your life (including primary school)?
<i>Codes/ Categories</i>	
<i>Interviewer Instruction</i>	
<i>Translation Note</i>	
<i>Note</i>	Asked as free text.

Filter Variable(s) and Conditions:

--

Country Variable Codes/Construction Rules	→ EDUCYRS
If (eduyears=0)	0. No formal schooling, no years at school
If (eduyears=1)	1. One year
	...
Else	-9. No answer

NZ_DEGR – Country-specific highest completed degree of education

	National Language
<i>Question no. and text</i>	Q40: Which one of these categories best describes your highest formal qualification?
<i>Codes/ Categories</i>	0. No formal qualification 1. Primary school completed 2. School Certificate, National Certificate Level 1, NCEA Level 1 3. Sixth Form Certificate, National Certificate Level 2, NCEA Level 2 4. Higher School Certificate, Higher Leaving Certificate, Bursary / Scholarship, NCEA Level 3 5. Trade or Professional Certificate 6. Diploma below degree level 7. Undergraduate university degree 8. Postgraduate or higher qualification
<i>Interviewer Instruction</i>	
<i>Translation Note</i>

If (sector=2 or sector=3)	2. Private employer
If (work=3)	-4. NAP (Code 3 in WORK)
Else	-9. No answer

ISCO08 – Occupation ISCO 2008

Please give the text of the source question(s) on the respondent's occupation used in your field questionnaire. If ISCO08-codes are not coded directly from the responses, but derived from a country-specific occupation coding scheme, please provide a table of correspondence between country-specific and ISCO08 codes *attached as a separate file*. Also when you derive ISCO08 from another ISCO scheme, such as ISCO88, ISCO-COM (a variant developed for the European Union (EU)), or ISCO88-CIS developed by the Statistical Committee of the Commonwealth of Independent States, please document the source code and provide a correspondence list.

Please do **not** enter **standard** ISCO08 codes here, but report any deviations. **However, please note that country-specific codes, which are not part of the ISCO coding scheme cannot be accepted!**

Occupations should be coded on the 4-digit level of ISCO08. Occupational area 0 (Armed Forces occupations) needs some special attention. Since the ISCO variable is numeric, 4-digit codes starting with zero, such as 0110 will usually appear as 110 in the data file. It is therefore suggested that the only valid 3-digit codes in the data file are those armed forces occupations 110, 210 and 310.

In some special cases information concerning the occupation may be insufficient for 4-digit coding. Instead of coding these cases as [-8] "inadequately described" use 3-digit coding. In those very special cases where 3-digit coding is applied, fill in a zero for the missing digit. Example: code 131 is coded as 1310.

	National Language
<i>Question no. and text</i>	Q42a. What is/was your main occupation?
<i>Codes/ Categories deviating from ISCO08</i>	
<i>Interviewer Instruction</i>	
<i>Translation Note</i>	
<i>Note</i>	Asked as free text and coded manually.
<i>Use of ISCO</i>	ISCO08 (ILO) <input type="checkbox"/> Please specify any other source code _____
