30	***Questions 18-20 - "preference" refers to the religion that a person favors or identifies with. If a person was born a member of one religion, but then preferred or identified with another religion, this question asks about the latter. "Religions" refers to	

	major faiths or organized theological systems as opposed to "denominations" which are sub-divisions within a religion. What is important is that these questions distinguish all relevant faiths, religions, denominations, sects, etc. that exist in each country.
